

Pippin Class (R/Year 1): 2 Year Rolling Programme

This two year rolling programme for Pippin Class has been amended to incorporate EYFS units that were added to the Kapow schemes of work Dec 2022. Currently the units of work will rotate every term between Reception and Year 1 as set out in Kapow to ensure that in a mixed class the Year one children have the opportunity to develop and retrieve their sticky knowledge and new skills that they have previously learnt. In planning and guiding what children learn, practitioners must reflect on the different rates at which children are developing and adjust their practice.

Three characteristics of effective teaching and learning are:

Playing and exploring - children investigate and experience things and 'have a go'

Active learning - Children concentrate and keep on trying if they encounter difficulties, and enjoy achievements.

Creating and thinking critically - Children have and develop their own ideas, make links between ideas, and develop strategies for doing things.

These characteristics are essential in underpinning effective learning in DT.
